Aromatherapy Sprays For Children To Help Over

Total Votes: 0

Rate this product: ★★★★★

MSRP: \$10

Fairytale Wishes Inc offers a line of naturally derived aromatherapy sprays designed to help ease common childhood anxieties like being afraid of the dark (Sweet Dreams spray), fear of monsters (Monster Repellent), or homesickness at camp (Happy Camper Spray). They also offer a Super Hero Spray for any occasion or to combat fear of the first day of school, performing in front of an audience, a trip to the doctors- ANYTHING!

Debbie Glickman worked for nearly 15 years in advertising at top agencies in Chicago repping major consumer products. She formulated a Sweet Dreams spray for her daughter who was terribly afraid of the dark and it worked so she thought "I am onto something!"
